The way to eternal life Jesus came to show, Now He wants the whole world to know; In sin man did live,
So Your life You had to give.
What was right I did not do,
You still loved me and died for me, too.
You saw the terrible state I was in, Because of my life of sin.
No one else for my sins could I blame, Our sins caused Y 00 to suffer shame.
Because of sin You came and died; It was a cruel death ... crucified.
You knew death You must face,
It was the only way to redeem the human race.
A little time on earth You spent, And preached, you must repent.
Repent and believe the gospel Jesus said; Heaven and hell, the choice is yours, both are just ahead.
I'm glad I finally heeded Your call; We must repent one and all.
If in heaven one day you want to be, You must repent and from sin be set free.
To hell you do not have to go, Jesus came and told us so.
Is Christ's death going to be in vain?
It will if you are not born again.
But if you repent, Christ will gladly forgive; A new life in Him you will begin to live.
