Let God's Word always have a place in your heart.
Study It so in your life It will be a part.
It will guide you when everything else fails.
It will keep you when the storms of life assail.
Do you still worry and fret? Are you the better for it yet?
Turn to God's Word; It has stood the test And will show you how to get His best.
Satan is sure to follow you around.
He will be on your heels like a hound And you might not know what to do.
God's Word says, "I will always be there for you."
When everything goes wrong in your life, God's Word will keep you from bitterness and strife.
When satan comes at you with all he's got, Remember God's grace. He has a lot.
Does it seem God is so far away; There is no reason any longer to pray?
God's Word says He is always near.
There is no need to fear.
When satan tells you God does not care, He is not listening, He does not hear,
You won't find Him no matter how hard you try.
God's Word says His ears are open to your cry.
You think your burdens are more than you can bear.
Life has you beaten down; it just isn't fair.
You will never have to walk life's path alone. 1 am God and have never lost my throne.
